

Environment: Foundational [D-EMONSTRATE]

Answer these related questions.

1. Please list the name of the person(s) or include a brief description of the audience (if more than 2 individuals) with whom you shared the new learning. Describe the format. Acceptable formats include a 1:1 meeting, a team meeting, department meeting, formal presentation or workshop with a duration of at least 30 minutes.
2. Did you initiate this shared learning opportunity, or were you asked by colleagues to share?
3. How did you prepare to present this information to your colleagues? How do you choose which were the most salient points about Environment to share? What were they?
4. What are your thoughts on how your audience received the new information? Did anyone express an interest or commitment in implementing the new information in their own practice?
5. What lingering questions do you or your colleagues still have with regards to Environment?
